

Dominic Locandro

Managing Director

I pride myself on what I know sets me apart from every other consultant and advisor out there. I have had 28 years experience. Not 1 year's experience 28 times!! During the journey I have been lucky enough to be part of small boutique teams where it's all hands on deck and multitasking is a must! Working on some of Australia's largest ever landmark projects, there has never been anywhere to hide or pass the buck like in some big organisations.

As a result you will be employing a unique diversified consultant that has and continues to undertake every task required within any apartment project. All in all, I personally have co-ordinated, sold, leased or managed over \$4 billion of real estate. From a construction & development management perspective, the total value of projects overseen currently totals \$1.5 billion.

But who really am I...

Country boy: During my formative years I grew up on a 200 acre dairy farm in Victoria's Goulburn Valley region. Located in Tatura, I regularly travel back to breathe some clean country air and see the stars.

Marathon Man: A veteran on 8 marathons and 29 half marathons; I start most mornings with a 10km jog. Usually in darkness at 5.30 in the morning, this time is used to stay fit and plan the day ahead. When preparing for a marathon I will try to run up to 130km a week, sometimes starting at 4am.

Uber Driver & Family Man: Married with 3 growing sons, the weekends are full of much eating and sport. When I am not a property man, I become an Uber driver! Uber eats or just the traditional taxi driver between games of soccer, football, tennis or numerous bands or music events.

Dream Job: Whilst I love my job, I must admit I dream daily of traveling the world as a hotel & food critic! Having spent a lot of time traveling the roads of Melbourne, ask me the best place for most types of food and I'll happily go on for hours!
